COUNTY HIGH SCHOOLS

A county high school is under the control of a county high school board. The administrative officer for the board is the High School Principal. It is administered in most cases independently of any school district; funds for its upbuilding and maintenance are derived from a uniform county levy; the county high school board consists of seven members, of which the county superintendent is one and the remaining six are appointed by the county commissioners. The number of teachers listed is in addition to the principal.
